**Big Data Centre Of Excellence**

**"Big Data Centre of Excellence"** is the Research and Development centre of AKGEC. It is the first "Centre of Excellence" in AKTU, working in the field of BigData. It was established in 2013 and since 4 years it has been motivating and guiding the students into the world of Big Data. Big Data is the most trending technology of 21st century. It is the hottest market currently. Companies require Big Data Analysts to analyze the large amount of data being generated and gain insights from the data. Businesses are focusing more on agility and innovation, adopting BigData technologies help the companies achieve that in no time. The team aspires to develope skills in Big Data and gradually move from Machine Learning to Deep Learning and finally Artificial Intelligence.

**The Computer Society of India**

The Computer Society of India (acronym as CSI) was formed in the year 1965. Since its inception, CSI has been paving the way for the IT industry to advance in the right direction. By indulging within itself most famous IT leaders, brilliant scientists and dedicated academicians, CSI has been highly successful in setting highest benchmarks in the field of professional competence with high quality commitment. It has set up a remarkable example by providing high range of services and networking opportunities through workshops, seminars, conventions and courses in which major faces of the industry have actively participated and exchanged valuable knowledge and ideas. Today CSI has 71 chapters, 418 student branches and more than 90000 registered members. The statistics speak all about the importance of CSI in the country's most fashionable IT industry.

2	CSI	Initiative '17	THE INITIATIVE is the national level, inter college event organised by team CSI every year. This event is a hybrid of real-life tasks and a closed corridor presentation, and aims at bringing out the lost questioner from an Indian prodigy, who in many ways presents the answer himself. The main aim of organizing this event is to brainstorm the minds of young students about the burning issues in the country. Steps Involved in Initiative:- 1) Topic The topics were selected on the basis of the opinion given by the majority of the students and faculty . These Topics were the prevailing issues present in the society . Among the issues presented by the students , a polling was conducted and based on that five majority topics were selected . 2) Team Formation and Synopsis Submission Team of 2 or more students were allowed to participate and they submitted synopsis on one of the selected topics . Synopsis was the first criteria of selecting a team. 3)Presentation	# #####	Ruchin Gupta and Lucknessh Kumar	Karan Batra Pranjali Sharma

3	CSI	Blockchain Technology '18	This time Team CSI presented a workshop on the most demanding technology BLOCKCHAIN. Blockchain is a system of recording information in a way that makes it difficult or impossible to change, hack, or cheat the system. A blockchain is essentially a digital ledger of transactions that is duplicated and distributed across the entire network of computer systems on the blockchain. The blockchain is an undeniably ingenious invention. Is it the new internet? By allowing digital information to be distributed but not copied, blockchain technology created the backbone of a new type of internet. Bitcoin has been called "digital gold," and for a good reason. To date, the total value of the currency is close to \$112 billion US. And blockchains can make other types of digital value. Participating students learned about Blockchain, Cryptography, and many more related topics along with programming in Solidity language. It was a 4 day workshop.	-25th October-29th October, 2018	Ruchin Gupta and Luckne sh Kumar	Aditya Barnwa l

1	CSI	The initiative 20	: THE INITIATIVE is the national level, inter college event organised by team CSI every year. This event is a hybrid of real-life tasks and a closed corridor presentation, and aims at bringing out the lost questioner from an Indian prodigy, who in many ways presents the answer himself. The main aim of organising this event is to brainstorm the minds of young students about the burning issues in the country. Steps Involved in Initiative:- 1) Topic The topics were selected on the basis of the opinion given by the majority of the students and faculty . These Topics were the prevailing issues present in the society . Among the issues presented by the students , a polling was conducted and based on that five majority topics were selected . 2) Team Formation and Synopsis Submission Team of 2 or more students were allowed to participate and they submitted a synopsis on one of the selected topics . Synopsis was the first criteria of selecting a team. 3)Presentation Teams selected after the first round have to give the presentation and the initiative they can take to resolve the issue . 4)Winner announcement Best three teams were selected . They were awarded with certificates as	29-Feb-20	Pradeep Kumaran d Lucknesh Kumar

1	Phoenix	Technical presentation	ECE departmental society has organised an event on 13 Nov 2021. This is a technical presentation event based on Visible light communication and Plastic Solar cells topic. Students of second and third year participated in this event and prepare a presentation on that. Each team has four members. The objective of presentation is to acknowledge students with emerging ideas in this fascinating and expanding world of engineering and technology. Thus, this event manifests the conglomeration of talent, intellect, innovative and competitive spirit of the students. This presentation also looks ahead to guide the students towards an appropriate path of creative thinking, planning, and team work.	13 Nov 2021	Mr. Dushyant Singh Chauhan	Shashwat Shukla Anushka Bajpai	Phoenix Team members	NA

<b>Cultural Society Details</b>
<b>Euphony</b>

Euphony/Sur is college band/society. The society consists of vocalists,instrumentalists and song writers.Founded on 7th October, 2007. This society was mainly created for promoting the musical events in college but with the passage of time it has grown leaps and bounds not only in musical events but has also become a necessity of all the cultural programs in college.The society encourages creative aspects of an individual to come to the forefront. Euphony consists of a bunch of extremely talented musicians who can touch your soul at one moment and can make your head bang in the craziest way at the very next.Euphony gives a platform for young budding talents to become the best in their respective domains.The versatile performers never fail to inspire each time they set foot on stage.For Euphony music is salvation.

#### Footprints

**Redefining Creativity'** being our supreme slogan, Team Footprints is one of the main creative and cultural society of our college. For years, we have grown through the otherwise obvious of college students with introducing them to the hues of ingenuity, artistry and exhilaration. Our creative arena primarily expands in the four major realms: Art Literature Photography Designing From Fresher party's bash to Farewell bidding adieu to our dearest we steer the wheel of every major cultural event in the college. Some events which we single-handedly organize are Chayan (our recruitment drive), Mushaira, Anti-ragging and Blood Donation Poster Making Competitions. We also manage the Media Team of our college and oversee the management of Saksham- the Inter- Departmental Sports Event. Being best to engrave the portrait of the grand success of every cultural event in college, Team Footprints is that stone that resides firmly in the foundation of the cultural and creative counterparts of AKGEC.

## Ajay Kumar Garg Engineering College, Ghaziabad

### Cultural Society Details

#### Footprints

**Redefining Creativity'** being our supreme slogan, Team Footprints is one of the main creative and cultural society of our college. For years, we have grown through the otherwise obvious of college students with introducing them to the hues of ingenuity, artistry and exhilaration. Our creative arena primarily expands in the four major realms: Art Literature Photography Designing From Fresher party's bash to Farewell bidding adieu to our dearest we steer the wheel of every major cultural event in the college. Some events which we single-handedly organize are Chayan (our recruitment drive), Mushaira, Anti-ragging and Blood Donation Poster Making Competitions. We also manage the Media Team of our college and oversee the management of Saksham- the Inter- Departmental Sports Event. Being best to engrave the portrait of the grand success of every cultural event in college, Team Footprints is that stone that resides firmly in the foundation of the cultural and creative counterparts of AKGEC.

Goonj								
<p><b>GOONJ</b>, the dramatics society of Ajay Kumar Garg Engineering College, Ghaziabad, founded in 2005, encompasses every domain related to dramatics. The domains mainly include Play, Skit, Nukkad-Natak, Mime, Mono Act, Stand-up comedy, Hindi Debate, Ad-Mad and much more. Different domains inculcate different skills, thus being a part of Goonj requires a person's wholesome development. The objective of the society is to foster social and intellectual activity among the students and to create interest in and encourage talent for Drama and Theatre.</p> <p style="text-align: right;">Dramatics is not just about imitating a character or a situation, it is more about observing real life issues, events or daily aspects of life and expressing them to bring about a change for the betterment of society. It is all about representing an idea, an idea which is expressed through acting. But acting is again living in a different character, it needs possession of every detail of the character and transforming oneself into a different person. Dramatics is a way by which ideas and people evolve into something different which creates a change, an awareness in people.</p> <p>For the purpose of providing a platform to the students of AKGEC to hone their skills in dramatics, GOONJ also provides exposure to external opportunities. Goonj has always taken part in various fields of dramatics and has been victorious bringing glory to college.</p>

4		Farewell	The perfect ending of a beautiful journey, the Farewell Function for the B. Tech 4th Year batch (2015-19) was successfully organized by the 3rd year students. The 3rd year students presented a scintillating cultural evening with performances by the Cultural societies – Taal, Verve and Euphony. Reminiscences of the four years spent in the College were recollected by 4th year students on behalf of the entire passing out batch. Video screening the four years of journey through academics, activities and fun times was a highlight of the evening. The evening ended with a vibrant DJ night enjoyed by all.	2019	Mrs. Nishu Bansal	Jalaj Gupta	6	NA
5		Closing Ceremony	In the closing ceremony of Saksham, Team Euphony and Taal presented their spectacular performance and the videos and photos were clicked by the Photography and Media Club.	2019	Mrs. Nishu Bansal	Jalaj Gupta

2		Pixation	Photography and Media Club organized an online event called Pixation. It was a photography competition where the domains included landscape photography, wildlife photography, portrait photography and creative photography. It was organized successfully with a lot of participation from students of other colleges. The winners were awarded with prizes and all the participants received the Certificate of Participation.	2020	Mrs.Nishu Bansal	Ritik Varshney	12	NA
3		Kaarvan	Team Euphony organised Kaarvan, the melodious odyssey for all the students of AKGEC, on 4th April, 2021, and we're delighted to have received such a heartening response, and admiration, from our audience, offline as well as online. A dream doesn't become reality through magic; it takes determination, hard work and belief, to amplify every effort, and conclude it into something it actually deserves to be.	2021	Mrs.Nishu Bansal	Ritik Varshney	4	NA

#### VERVE

V-Verve, the fashion society of Ajay Kumar Garg Engineering College, Ghaziabad was founded on 29th April 2017. We speak the language of fashion.

Embracing the fashion from within, team Verve sets forth the direction to discover one's true place in the fashion world. We define our model's individuality where images out infinity.

With stardust in the soul, confidence in one's body, our models walk rapturously. Our designers with their apex of creativity immerse themselves into fantasy and fiction and pour out the elegance.

Our tech-savvy members with their ebullient technical skills make their presence felt everywhere. As the cruise to every tide and a wheel to every route, the team had intently been the pillar to every hardship.

We strive hard for the embodiment and focus on the minimal to breathe out the grace.
